

Berti Bookbear

by TINO

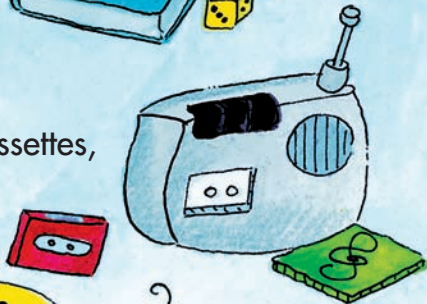

Berti Bookbear goes into the library.

There are lots of things there:

There are great books
and games,

there are CDs and cassettes,

comics and lots of other things ...

Berti Bookbear chooses a book.

He makes himself comfortable with a picture book.

You can play great games in the library.

Today Berti Bookbear is playing a computer game.

Now Berti Bookbear is listening to a cassette with music and exciting stories.

Sometimes a real author reads out loud.
That's really good fun!

You can borrow books, games, cassettes and CDs and take them home with you.

Berti Bookbear needs a library card to be allowed to do that.

And when are you coming to the library?
